

NEIGHBOURHOOD POLICING

Police Report for Snape Annual Parish Meeting on the 28th May 2024

Suffolk Constabulary's new police operating model, that went live on Monday 4 December 2023 is aiming to strengthen community links with the local public. It will also ensure the force continues to provide the best possible policing service for the public.

The changes to the community policing function is in response to the rising and changing demands that are presented to the service. It will enhance the way the Constabulary engages with local communities, responds to emergencies, investigates crime and deals with other incidents that cause the public to make contact.

The new County Policing Command (CPC) model will see three new component parts created – Community Policing Teams, Response Investigation Teams and a County Partnership and Prevention Hub.

The new Community Policing Teams replace the Safer Neighbourhood Teams and will see the creation of 50 new Community Policing Areas (CPA) across the county with a total of 80 Community Policing Officers (CPOs).

The Halesworth CPT consists of 6 Police Constables, 2 Police Sergeant's and 3 PCSO's.

More information can be found here [Redesigning the local policing operating model to keep Suffolk safe | Suffolk Constabulary](#)
